## ELECTRIC CABLE ROUTE

**GARTLEY AND ROWELL ARE  
LOOKING UP McBRIDE LINE**

**PERSONAL NEWS NOTES OF HA-  
NALEI—PARTY VISITS HAENA  
CAVES — KANEALII  
CASE.**

(Special to The Bulletin)

Hanaelei, Kauai, Oct. 6.—Mrs. W. H. Rice, Arthur Rice, Mr. Wilcox and Mrs. A. B. Woods were visitors in Hanaelei Wednesday and remained until Saturday morning when they departed for Lihue. Thursday they went to Haena where they visited the Haena caves and Friday a trip was made up the Wainiha valley as far as the Kaula Electric Co.'s camp, Maunahina, where they called on Mr. Kluegel, the company's engineer. Friday evening they were given a nicely gotten up dinner by Mrs. S. B. Deverill at her home in Hanaelei.

A. A. Wilson, who has just finished his work in Hanaelei, left here on a tour of Kauai. He will go as far as Kekaha and is to return to Hanaelei before he leaves the island for Honolulu. H. A. Jaeger and A. M. Boyle, who have been in Honolulu for the past week, both returned to Wainiha Monday—passing through Hanaelei Monday noon. Mr. Moier of Elelee passed through Hanaelei Monday evening on his way to Wainiha.

W. G. Smith of Lihue is a visitor in Hanaelei, arriving here Monday evening. He is visiting C. H. Willis.

Mr. Moier returned to Hanaelei Wednesday evening where he spent the night until Thursday morning when he left for Elelee.

The steamer Keauhou arrived here Wednesday, she discharged freight for Hanaelei and left for Wainiha, where she discharged freight for H. A. Jaeger and the Kaula Electric Co. She returned here from Wainiha and took on rice for Honolulu.

The Messrs. Gartley, Rowell and Chapin arrived in Hanaelei Wednesday noon, and left same day for Wainiha where they go on business connected with the Kaula Electric Co.

Theo. Bauman, A. A. Wilson's private secretary, who has been in Hanaelei some months with A. A. Wilson, left Thursday for Honolulu on the steamer Keauhou.

E. G. K. Deverill took the steamer Keauhou on Thursday for Anahola.

Mr. Gartley and Mr. Rowell are both in Hanaelei looking over the proposed route for the cable which is to go through the island from Wainiha to Elelee. Both gentlemen will start from a point in Hanaelei and will probably in a day or two arrive at Lihue. J. M. Lydgate, who has been in the back woods for some little time, arrived in Hanaelei Thursday morning where he had his carriage and team waiting for him, which he took to Lihue.

J. Walker left Hanaelei on Thursday for Honolulu on the steamer Keauhou.

C. H. Willis left Wednesday afternoon for Lihue where he is to be a witness of the Kanealii case, which is to be tried by the jury. Kanealii was the successful H. R. D. candidate for supervisor of Hanaelei during the last County elections.

## CHANG KIM AT CHICAGO

The Chicago Examiner in its account of the Twentieth Annual Convention of the Brotherhood of St. Andrew says: "Six full blooded Indians are in attendance, three of them being dressed in Episcopal gowns and the other three in native costume. Chang Kim, a Chinaman, comes from Honolulu where he is the dean of a chapter. He is a well educated man and when the convention closes will start on a tour of the world."

## NOTES OF TRAVELERS

(Special to The Bulletin)

Lahaina, Maui, Oct. 6.—The Mauna Loa left Honolulu at 12:15 p. m. to day and arrived at Lahaina at 6:50 p. m. after a smooth trip yet head winds were encountered.

The Likieike was at Pitou, Molokai.

Lahaina landing has been greatly improved by the new wharf building, which was completed last June.

Max Lorenz, Geo. K. Richardson Dr. Frear and Mr. McCubbin were among the passengers who landed at Lahaina. Mr. Lorenz will look after the central condensation affair, which he recently installed at the Pioneer Mill Co.'s mill. He will visit Honokaa also before returning to Honolulu.

Geo. Richardson came over from Kahuku to visit his father, John Richardson, who is ill. Mr. McCubbin, who recently bought out the Bismarck Stables at Lahaina returned from a business trip to Honolulu.

Tim B. Lyons, Jas. L. Coke and F. G. Douse went to Wailuku. Lyons and Coke are Tammany braves from Wailuku. They returned home from the metropolis, where they visited Bryan, their Democratic chief. F. G. Douse, engineer at Kekaha plantation, Kauai, went to Wailuku to visit his son. Father Aloysius is returning to Kohala.

Frank Gouveia, Rev. A. S. Baker

and Father Victor are returning to their homes in Kailua.

Bishop Restarick goes to Kona, where he will visit his churches at Kailua and Kealahou.

W. F. Wilson, representing T. H. Davies & Co. and Thos. O'Brien, of Hoffschlaeger & Co., will go ashore at Honouliuli.

N. F. Fieroff, a Russian gentleman who is touring the world, will visit the Volcano House, as will Alex. Garvie of Bishop & Co.

W. A. Baldwin and wife, L. Chong, A. C. Alexander and C. Blart will go to Honolulu in the Mauna Loa upon her return trip.

James Dougherty is in Lahaina. He goes to Kohala next week.

## DOCTORS TAXED TO FIGHT \$10 LICENSE

The Territorial Medical Society held its monthly meeting Saturday night. Dr. J. T. McDonald was chosen to oppose the \$10 license on regular practitioners. An attorney will be selected to defend the Society's case.

At the annual meeting, November 17, it will be proposed that meetings be held but once a year instead of once a month, in view of the contemplated establishment of a County Society.

Doctors Herbert, Sinclair and Hodgins were appointed to discuss the Queen's Hospital advertisement, censured as unethical and interfering with private practice.

Members of the Society will be assessed to defend Dr. McDonald in the fight against the \$10 license. The Society holds that it was the Legislature's intention to tax osteopaths only.

Dr. McCall of Kahuku and Dr. H. B. Cooper of Koloa, Kauai, were proposed for membership.

The Society adjourned to the Young Hotel roof garden for refreshments. The annual dinner will probably be held at the Young.

## VOLCANO GUESTS

Volcano House, Hawaii, Oct. 5.—The following are registered guests at the Volcano House: C. S. Holloway, Honolulu; G. H. Gere, J. D. Lewis, Hilo; Miss E. Matthews, Honolulu; Mr. and Mrs. Scott, London; John W. Wadman, Geo. H. Kentwell, Honolulu; J. Watt and wife, Oahu; Miss A. Bergschlicker, Miss M. Bergschlicker, Frances Gonsalves, Monterey, Cal.; W. J. Breckenridge and wife, San Francisco; Karl T. Rowle, Palisado Springs, Cal.; Wm. F. Hogan, chief engineer S. S. Enterprise; J. O. Youngren, captain S. S. Enterprise; L. S. Aungst, Miss Stella Pedro, Honolulu, Hawaii; C. Haswell and wife, Pepeekeo; Mr. and Mrs. A. E. Dreier, Miss Adel Dreier, Miss Minnie Todd, Miss Mae Weil, Mrs. C. H. Smith, Honolulu; T. C. Dawkins, Charleston, W. Va.; C. Wolters, Naalehu.

## AN INTERESTING LECTURE

Dr. Frederic Bell will deliver his second lecture before a Honolulu audience tomorrow evening, the theme being "Love, Courtship, Marriage and Divorce."

These interesting subjects will be discussed along rational lines and much sage advice will be given and various marital truths enunciated and illustrated in a way calculated to minimize the infidelities of the conjugal relationship.

Dr. Bell made an exceedingly favorable impression on the occasion of his opening effort and those fortunate to hear his first lecture will certainly attend the second.

At the close of the lecture twelve ladies and gentlemen will be selected from the audience and Dr. Bell will demonstrate through the science of phrenology how inharmonious marriages are contracted, and then pair them off harmoniously.

Arrangements are being made for holding the dedicatory exercises of the new Hilo Boarding School building, which has just been completed, on Thanksgiving Day, November 30. It is the purpose of Principal L. C. Lyman to make the day full of interesting events. The ladies of the faculty and friends of the school under the direction of Mrs. Lyman will give an elaborate luncheon throughout the day in the school building, where dinner and supper will be served. The morning will be devoted to the dedicatory exercises and possibly a Thanksgiving sermon. A baseball game and other athletic sports will occupy the afternoon, and a literary program and reception arranged for the evening.

A fire in the store of Lee Kee, opposite the Vineyard street camp, about midnight Sunday, called out the department, the chemical engine's crew extinguishing the blaze with buckets. The flames were caused by the storing of block matches with firecrackers, with rats for the third ingredient. It was from this block that a false alarm was turned in last Friday.

Ona, a Japanese yardboy, got hold of a telephone wire Saturday morning near the house of T. Uno, banker, and withstood 2,200 volts of electricity for three minutes, electric feed wires having crossed the telephone line. His hands, feet and body were badly burned. Another servant had the wit to cut the line with an axe.

## SYMPHONY SOCIETY

GIVES

## EXCELLENT CONCERT

The Honolulu Symphony Society gave a smoking concert last Saturday, which from an artistic point of view was an unqualified success. The weather somewhat interfered with the arrangements, which had been made for having the concert in the open air, but the rain did not deter a large number of people from attending the event, and all were given excellent accommodation on the broad lanais and the spacious music room of the other main Halealea Lawn building.

The program had been chosen in such a manner as to be a pleasing compromise which could be enjoyed by the most divergent of musical tastes. There was nothing of the heavy classical character, and then again there was no trash. All the selections, the single as well as the orchestral numbers, were well rendered and were appreciated by the audience. The orchestra is improving steadily under the direction of Jos. Stockton, it having acquired a precision and verve, which previously was somewhat lacking.

Only one thing can be said against the Symphony Orchestra, and that is that it gives too few concerts. During the past year Honolulu has enjoyed fewer musical events of any and all kinds than it has for many years before, and the Society has the musical education of the public largely on its own shoulders as a self-imposed duty, this being one of its avowed aims at its inception. If the orchestra is able to prepare for the concerts, even though the rehearsals would necessarily be comparatively few in number, the public seems to have demonstrated by its attendance at the last few concerts, that it is ready with its support. The orchestra has by this time acquired a fairly large repertoire and even if a few old pieces appear on a new program, this fact does not detract from its value. As a matter of fact it entrances it in the estimation of many music lovers, who are fond of a better acquaintance with a number, which pleases them.

The program rendered was as follows:

Overture—"Morning, Noon and Night"  
Intermezzo—"From Delibes Ballet"  
Vocal Solo—  
(a) "Sunrise".....Metcalfe  
(b) "Sing Me to Sleep".....Edwin Green  
Mr. Isaac Dillingham.  
Serenade—(Duet for flute and horn)  
Anglaise.....Titl  
Mazurka.....C. S. Desky and F. M. Bechtel.  
Mandolin Solo—(Selected).....Mr. Ernest Kaal.  
Grand Selection—"Traviata".....Verdi  
Vocal Solo—"Till Death".....Mascheroni  
(Cello and violin obligato)  
Mr. H. F. Wichman.  
Impromptu.....Gungl  
Waltz—"Venus Reigen".....Gungl  
Selection—"The Serenade".....Victor Herbert

# ELECTRICITY

Of all the power developed by steam in Honolulu 80 per cent. is used to drive shafting and belting—dissipated, wasted, before the work of the machine begins. Think of it! All the money paid for coal which makes that wasted part of the power, might as well be thrown into the sea for all the good it does. With electric power, you use what you need, when you need it, where you need it. A switch puts it there. Have you learned to be power-wise?

## THERE IS NO SUBSTITUTE FOR A WOVEN WIRE BED.

The Woven Wire Bed has become so deservedly popular that 999 out of every 1,000 beds sold are of that make. Why? Because, when properly constructed, it has excellences possessed by no other. A level, flexible top, no gaps, will always resume its shape after use. Its supports, however, must be rigid. Wire or hoop iron will not support a spring bed. When you buy one of Bailey's Rist and Vermin-proof Wire Beds, you get an article very close to perfection. For sale in the Furniture Stores and at the factory on Alapai St. Tel. Main 1661.
